Arroyo entrance (more wooded)

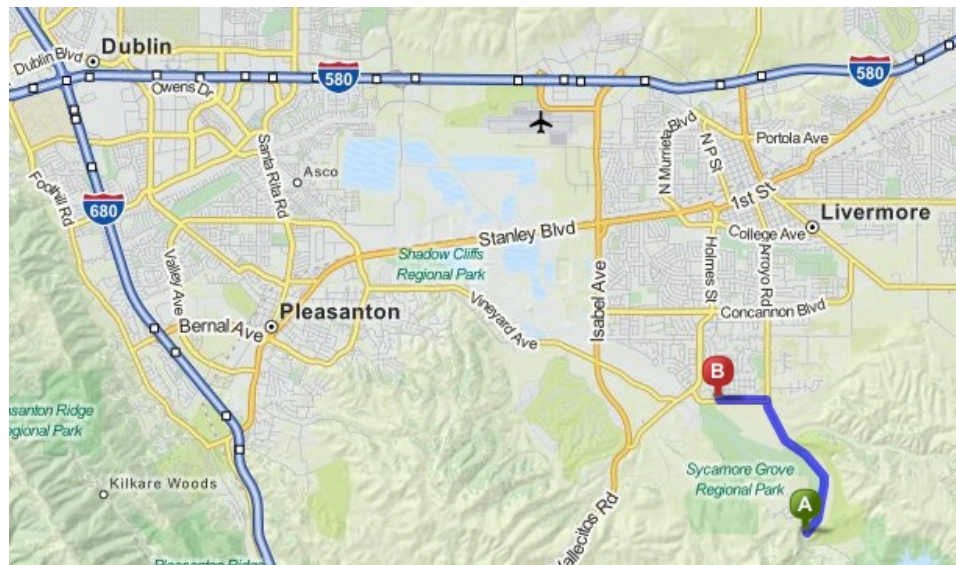

Wetmore entrance (more open)

Join CWA at one of the tri-valley's nicest parks. Surrounded by vineyards and olive groves, Sycamore Grove boasts 775 acres of parkland. Two entrances to the park each have many scenic items to paint, such as bridges, arroyos, trees, and wildlife. A 2.5-mile paved walking/bike path connects the two entrances, and there are many off-path trails for more adventurous painters. If you want to explore the park's interior, a trail bike makes that a little easier. Note: parking is \$5 per car per day; one ticket is good at both entrances. Also, at both entrances are bathrooms.

Meet at 10 am (optional) at the Wetmore entrance (B on the map) in the picnic area by the parking lot, and at 1:30 pm (same area) to share your paintings.
