Artefact Design & Salvage

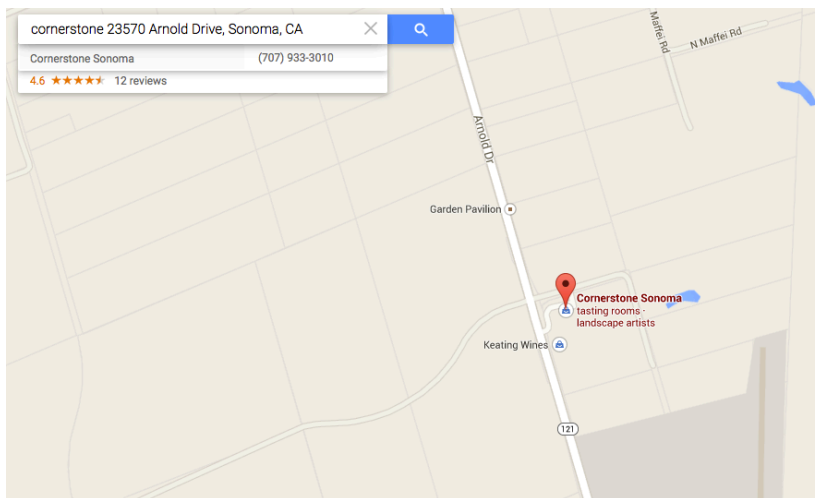

Artefact Design & Salvage

Giant tent on the grounds

Join CWA at Cornerstone Sonoma for a quirky plein air experience. You will find statues, a giant tent, a massive blue Adirondack chair, hills, people, water features, and planter displays. Cornerstone has a restaurant, numerous shops, seating areas, and restrooms. For more information about Cornerstone Sonoma, see <http://www.cornerstonesonoma.com/>.

Artefact Design and Salvage has given CWA permission to paint in their salvage yard in back of their store. For more information about Artefact Design and Salvage, see <http://www.artefactdesignsalvage.com>.

Meet at 10 am (optional) near the blue Adirondack chair (you'll know it when you see it) in the picnic area by the parking lot, and at 1:30pm (same area) to share your paintings.

Any questions? Email the plein air coordinators at [pleinair@californiawatercolor.org](mailto:pleinair@californiawatercolor.org).
